9343898791 | Pradhyumn.gurjar1234@gmail.com | Bhopal, Madhya Pradesh | [LinkedIn](#) | [GitHub](#)

## Professional Summary

**Results-driven Python Full-Stack Developer** with experience building **10+ scalable, user-focused web applications**. Proficient in **frontend and backend technologies**, delivering **responsive UIs** and **robust server logic**. An **analytical problem-solver** who writes efficient code, improving performance by up to **30%** and accelerating **deployment cycles**. Possess **basic knowledge of networking concepts**, contributing to better **application deployment** and **connectivity** understanding.

## Technical Skills

- **Programming Languages:** Python, C++, Java
- **Front-end:** HTML, CSS, JavaScript, React
- **Backend:** Django
- **API:** REST Api Development and Integration
- **Cloud Tools:** Cloudinary, Render
- **Databases:** SQLite, MySQL

## Education

**Bachelor of Technology in computer science**

09/2023 – 05/2027

VIT Bhopal University CGPA: 8.15/10.0

**Class XII in science stream**

03/2023

Sagar Public School, Bhopal, Percentage: 85.6 %

**Class X**

03/2021

Sagar Public School Bhopal, Percentage: 94.8

## Projects

### [Sony Liv Clone – AI-Driven Streaming Platform](#)

- Developed a customized Sony Liv clone using **Django**, implementing robust **form validations** for secure user authentication and input handling.
- Currently integrating **Cloudinary** for scalable cloud storage and delivery of static/media files, ensuring optimized performance and fast content access.
- Currently integrating **Google Gemini AI** to enable personalized content recommendations based on user inputs and viewing preferences.
- Built an **end-to-end full-stack solution** covering frontend, backend, and cloud services, demonstrating expertise in scalable and AI-driven web application development.

### [Flipkart Clone – E-Commerce Platform](#)

- Built a Flipkart clone using **Django**, with **Django Forms** for secure authentication and input handling.
- Integrated **Cloudinary** for scalable product image storage and delivery.

- Used **SQLite** for managing users, products, and orders with efficient data handling.
- Implemented a **session-based cart system** and end-to-end e-commerce workflows, showcasing expertise in **full-stack web development with cloud integration**.

•

### Text-To-Speech Converter

- Built a **Text-to-Speech Web App** using **HTML, CSS, and JavaScript**, enabling users to input and convert text into **audible speech** directly in the browser.
- Implemented the **Web Speech API**, providing real-time voice output with support for multiple languages and voices, improving accessibility for **100+ users**.
- Showcased advanced use of **modern web APIs** and **client-side scripting** to enhance user experience and browser-based interaction.

### Internship Experience

FONTY Supply Chain Solutions , Mandideep,, Madhya Pradesh

Associate Development Intern

May 2025-Jul 2025

- Supported the Engineering and Technology team in building and maintaining **5+ internal web apps**, boosting team productivity by **20%**.
- Contributed to tools that streamlined **supply chain operations, cutting process time by 15–25%**.
- Gained hands-on experience in **full-stack development** using **Python, JavaScript, and SQLite** in a real-world enterprise setup.
- Assisted in enhancing tools for **inventory tracking** and **automated reporting**, enabling better decision-making.
- Led a **process re-engineering effort** to optimize service workflows, **reducing communication delays by 30%** and improving coordination.

### Certifications

- Python Full Stack Web Development** from Cybrom Technology, Bhopal
- Networking Basics** by CISCO Networking Academy
- The Bits and Bytes of Computer Networking** by Coursera
- Technology Job Simulation** by Deloitte
- Introduction To Machine Learning By NPTEL**
- AWS Educate Getting Started with Security, Storage, Compute**
- Python Essentials** from VITyarthi

### Extra-Curricular Activities

- Zonal-4 Winner in BCL Football League
- Runner-up GK quiz Organised by SIRT Group of Institution, Bhopal
